

## 2020 – 2021 Online Registration Expectations

- ❖ Every school must have a registration team ready to assist families
- ❖ The registration process is on our LISD webpage under “For Parents” section.
- ❖ Returning students can register online starting on Monday, April 20, 2020
- ❖ New Students to the district will be able to register starting on Monday, July 20, 2020
- ❖ All schools need to notify parents about registration and provide support to all parents who need guidance or help to register their kids
- ❖ We cannot deny registration to anyone who resides in your school zone or is part of an Early College Program at your school.
- ❖ No school can turn away parents. They must register all their kids (all grade levels) in one school. Please make sure that their address belongs to the schools they are requesting. Students nor parents can choose a school of preference.
- ❖ Please know that nurses have access to vaccine records in case parents do not have them
- ❖ Please advise Parents of students in PK- 3 or PK- 4 that it is not an automatic admission. They must register their kids during the kinder round-up and see if they qualify for the PK Program.

**You are expected to provide the best customer service to all parents!**
